

The 1st 24 hours in the Management of Small to Medium Sized Paediatric Burns

Wednesday, October 13th

12:45-13:30 AWST

15:45-16:30 AEDT

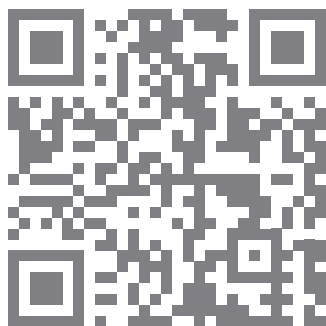

17:45-18:30 NZDT

Duration: 45 minutes with Live Q&A

Certificate of Attendance can be downloaded at the end of the session for CPD redemption.

Mölnlycke Health Care welcomes Professor Roy Kimble, Paediatric & Neonatal Surgeon at The Queensland Children's Hospital, Brisbane. During this brief 30 minute presentation, Prof Kimble will discuss the importance of a consistent approach to the treatment of small to medium partial thickness burns in children. Considerations such as first aid, pain management, re-epithelisation rates, debridement and dressing choice will be discussed. A 15-minute live Q&A will follow the presentation.

MEET THE SPEAKER

Prof. Roy Kimble

MD, PhD

Professor Roy Kimble is Director of Paediatric Surgery, Urology, Burns and Trauma at the Queensland Children's Hospital, which is the largest children's hospital in Australasia. He has a special interest in Burns, Trauma & Injury Prevention. He is the founder and Head of the Centre of Children's Burns & Trauma Research, at the Queensland Centre for Children's Research.

Prof Kimble's award-winning research focuses on prevention and rehabilitation from traumatic injuries, and the development of new methods in the management of burns.
